

# HS Remote Learning Plan: For Families

During the school closure, Public Schools' goal is to provide students with remote learning opportunities to help minimize instructional loss, provide students with routines and structures to help stay engaged and connected, and ensure that students are healthy. **Ombudsman Chicago Northwest** school will meet these goals by implementing the plan below. Students have remote access to all of the instructional platforms to complete work in all academic, social emotional and post-secondary requirements. Students in the high school grades are expected to participate in 270 minutes of instruction daily. Office hours are offered daily for all courses to receive teacher support as well as participate in small group instruction. Our social workers, counselors and Special Education staff are available during the scheduled office hours to meet our students individual needs. **The Ombudsman Team is here for you please reach out with any questions or needs. We are in this together!**

This document summarizes our plan by telling you:

- 1) The minimum amount of time your student should spend in structured academic activity.
- 2) How we will communicate with you and when learning materials will be posted.
- 3) What key learning platforms your student will use.
- 4) How your student can access their teacher, and when they should expect feedback on work submitted.
- 5) How your student can access learning materials if you don't have easy access to a computer.
- 6) How we will communicate with you as a school, along with how your student can get support during the school day if they are stuck on an assignment.

## Non-Digital Remote Learning Plan

Work packets are being created weekly for individual students by their teachers, these may include printed platform lessons, projects, reading and writing assignments, SEL and Post-secondary lessons. Students also have the ability to call in for office hours for teacher support daily. Packets contain the full week of assignments for students in all courses (270 minutes per day). Packets will be prepared each Wednesday and ready for distribution. Packets will be mailed, hand delivered each Thursday/Friday or can be picked up at the school's main entrance between 11-1 on Thursdays and Fridays. Completed work can be submitted through the same process. Pick up and delivery of assignments must be requested through your child's teacher. Feedback on assignments will follow the same schedule if no email is available.
